

THE SPANISH-AMERICAN

"With Malice toward None, with Charity for All, and with Firmness in the Right."

VOLUME XVII.

ROY, MORA COUNTY, NEW MEXICO, SATURDAY, JULY 3, 1920.

NUMBER 25

Fourth of July

Carrizo, a little hamlet on Carrizo creek, 17 miles northeast of Roy, will celebrate the 4th again this year with a regular celebration, in the old time way and spirit. The celebration will be held on Sunday and a regular program of speaking, feasting and sports has been planned.

Judge A. F. Chavez, till late of Albert, is one of the sponsors for the event, and bills have been posted advertising it and inviting all to attend. Roy will make no effort at celebrating other than the ball games which are scheduled. The S-A has decided to celebrate at Carrizo and urges all its readers to accept the invitation and be patriotic in the good old way at Carrizo.

A representative of the Santa Fe New Mexican was in Roy the first of the week and worked up interest in a Special Industrial Review to be issued by that active daily in September. It features a number of towns in the state and their resources and Roy, having no Commercial Club to take up such matters, the Mayor and Village Trustees guaranteed the price of the venture, which will be cheerfully paid by the business interests of the town. It will be a fine thing for Roy and we can't afford to let other towns get the advertising of this kind when it costs so little.

A party of Roy people picnicked out at the Paxton ranch in Union county, in Sabino canyon Sunday. They had a picnic dinner, and a fine time generally. The ladies hiked down the canyon and found a fine water hole where they went wading while the men sat and smoked around the house. As usual they were caught in a rain storm coming home. In the party were: the Browns, Paxtons, Brashers, Chester Scotts, Stricklands, Krabbschmidts and Miss Letha Grey.

Prof. Foster is getting the boys and girls lined up and interested in agricultural matters and domestic science. He is seldom seen without a crowd of boys around him and is delivering the goods in an educational way in modern terms.

Mr. Romero y Pino, the blacksmith, will read the S-A during the coming year. He likes our kind of politics as well as Roy news.

Attorney W. R. Holly of Springer came down Tuesday on business with clients in Roy. He is optimistic for the Roy school bond sale.

Joe Gilstrap and family visited the parental J. B. Lusk home last Sunday, driving down from Maxwell where he has charge of the Telephone exchange.

The Wagner school district is making up the price of a new school house by subscription and will have school school this winter. It is a clumsy and back number way, but since there are objections to consolidating with the Roy school it is better than letting the children of that community suffer from the entire lack of school facilities.

Attorney J. B. Lusk and family started Thursday for an extended trip in Oklahoma. They go first to Oklahoma City and the south and will visit Mrs. Lusk's relatives. The Judge has been suffering with rheumatism for some weeks and hopes to sweat it out in the heat of the lower plains. If he fails he will go on to Excelsior Springs, for baths. They will be back about August 1st.

Masonic Week

This week the Masons of Roy are busy perfecting themselves in the ritual of their jurisdiction. The State Lecturer, Mr. John J. Kelly, of Silver City, is here instructing them and a large class is drilling in proficiency in the work.

Roy has one of the best and fastest growing lodges of Masons in the State and is sharing the general revival of Masonry which is reported from all over the country.

The Masonic Lodge of Dawson has issued an invitation to all Masonic lodges in this part of the state to attend the ceremony of the laying of the cornerstone of their new \$100,000 School building in Dawson, July 10th. The event will be under the direction of the Grand Lodge, and Grand Master Richard H. Hanna, will officiate at the ceremonies.

It is understood the Roy lodge will be there in a body with their families and it will be an important event. It is suggested that the same ceremony be employed when the new Roy school building is started. It would be a most fitting thing to do and nothing could be a better boost for Roy than to have this ancient ceremony here. We congratulate Dawson in being the first coal camp in the state to recognize education with so magnificent a school building and we assert that Roy is entitled to equal commendation, \$50,000 is as much for us as \$100,000 is for Dawson, or more proportionately to our resources.

When the greed of gain gets a man so that he will lie around for weeks to get a chance to rob an old man who is not competent to do business with sharpers, he ought to be suppressed or incarcerated along with other criminals.

The thief who holds you up and robs you or steals in the dark has, at least, the element of physical courage. The grafter who sneaks around to prey upon the weak and helpless and unsuspecting is a coward as well as all that the common yeg is.

Speaker Sergio Omena.

no journalist, now in America. "A very conscientious and tireless worker, thorough and persistent, a genius for grasping the big features as well as the smallest details of public affairs, cool headed, quiet by temperament and education, a deep thinker, an eloquent speaker, a polished writer, a keen observer of men—such is Omena."

The Zigzag on the Way to Baguio, Summer Capital of the Philippines.

Wheat Hailed Out

A lot of damage was done to wheat fields last week by little local storms that were not even suspected a mile from the points of damage. Four inches of hail fell on some summer-fallow land of G. R. Abernathy a mile north of town and mowed off a few rods of the end of his wheat next the railroad, but did not reach the rest of the same field. Mr. Lyons had a field damaged in the same storm. Harry Lammon of Gladstone, also had a serious hail loss. P. C. Haines, secretary of the Mutual, also had a field of wheat damaged by hail and El B. Laughter, of Solano had 35 acres damaged, the grains being knocked off and the straw left standing. He was granted 40 per cent damages.

Joe Allen, A. L. Newman and Antonio Mascareñas also were damaged by the same storm and had no insurance.

The officers of the Mutual are finding it difficult to get farmers to go with them to adjust losses, all are so busy that it is necessary to go on Sundays and view the fields.

A carload of Fordsons at the Beek Motor Co. is being scattered out into the country for use in getting ground broken up for wheat this fall. They got a car of Fords also but they are all gone as usual.

Lost, Strayed or Stolen—A perfectly good front gate from my ranch home in LaCinta Canyon. \$2.50 reward for its return or the apprehension of the thief.

PETE LAUMBACH.

We half expected something of the kind when that gang went down to Henry Stone's dance last week. If you see a strange front gate about town see Pete about it.

The electric lights at Russel Co. office and on the street in front give that part of town a metropolitan air at night. Their little Western Electric unit is delivering the goods and is quite an attraction.

The Roy School Board met in adjourned session Monday evening to allow all bills outstanding so far as known and get them all paid before the beginning of the new school year, July 1st.

For the first time in years all bills are paid in full and there are no debts hanging over at the end of the school year. For some reason the money due the district has been sent in promptly and is on hand for use, a very satisfactory condition as compared with conditions which have existed in the past and which mention of is usually discouraged.

Anyway the money is in, the debts paid, the insurance from the old school building is in the banks and the schools are ready to start off with a clean slate. The modern methods of accounting in competent hands assures that the business of the schools will be handled in a businesslike manner and generally things look good.

ROY LOSES AGAIN

The game between Roy and Dawson, at Dawson last Sunday, was in favor of the latter team, the score being 8 to 0 in the 7th inning, when the boys had to quit account of the heavy rain.

Our team made a good showing during the game except in the 2nd inning, after having two men out, Dawson scored 5 runs by their careless playing. In the 4th, 5th and 6th Dawson scored one run in each, and it seemed like our boys would hit the pill but could never get any further than 3rd base.

The trip to Dawson was rather hard and four of the boys did not get there until about 2.45 p. m., account of rain and as soon as they reached the place, they were put right in the game without anything to eat, but they don't intend to use that for an excuse. Dawson has a very good, strong team, which our boys will admit, but they will try it again some time in August.

Following is the box score:

Roy:	AB	R	H	P	O	A	E
Hester, cf.	3	0	0	2	0	0	
White, lf.	3	0	0	2	0	0

Roy plays Mills at Roy on the Fourth of July.

Mr. and Mrs. William Owen and daughter, Miss Pauline, returned Saturday from a short visit at Wichita, Kansas.

Emmett Blubaugh asks us to send his S-A to Medford, Oklahoma, in future. He has sold out and left the mesa for good, he thinks. We are wondering if our old friend, T. J. Palmer still runs the "Patriot" at Medford.

L. C. Lamb of Bandon, Oregon, writes for the S-A and says he is interested in this community and wants to read about it. He saw a S-A recently and wants more of it. Another proof that we are not a hindrance to the progress of the mesa.

Personal Mention

Farmers Meeting

To Fix Uniform Prices for Harvest Hands and Cutting Grain.

All who are interested meet at Judge Foster's Office Saturday, July 3d, at 2 o'clock, Com.

WHEAT PITCHERS WANTED!

Good Pay. see---
ANDERSON BROS.

Steven Rychlewski received a message from his parents, South Bend, Indiana, Tuesday advising him of the death of his sister, Miss Blanche Rychlewski, Sunday at her parent's home.

J. Appel is selling Shoes, Good Shoes, at prices which are saving money to his customers.

D. P. Upton is having his vacation at Dawson and is at home to help in the harvest fields.

Mr. Black and family, of Texas visited at Roy Keller's near Mosquero this week, they are out on auto trip seeing the mesa.

Yesterday's Hero is Today's Bum.

A flood is reported at Tucumcari Sunday evening. It is said the depot and other buildings in low ground are full of mud and water and you could go boating in the streets in places.

Later—Reports from Tucumcari are that the wind with their cloud-burst Sunday evening unroofed several buildings and did many thousands of dollars of damage.

FOR SALE—

Box Building, 8X14ft.
Folding Organ, good as new
22 Target Rifle.

Cook Stove, and other articles.

O. W. HEARN.

Rev. O.W. Hearn Goes to Las Vegas

It is with a selfish sentiment of regret that we record the fact of the decision of Rev. O. W. Hearn to resign the pastorate of the Christian Church in Roy to accept a call to a larger field, and more nearly adequate salary at the new Church in Las Vegas, Nev. and Mrs. Hearn have put far more of talent, personality and influence for good into Roy and this community than has ever been repaid them either in salary or expressed appreciation. We commend the consideration for the education and welfare of their children which is the chief reason for their going.

Floyd Ivey has purchased a new Chevrolet, Frank Schultz is acting chaperone while they are learning each others wrys.

Tony Heimann, who lives out across the Union county line, is to be a candidate for County Commissioner in Union Co. this fall. That ought to get some attention to roads in the west side at least, besides, Tony will make a good Commissioner for the whole county.

Hear Ye Him

Cha's Lemuel Dean, of Denver Dist. Sec'y of the A.C.M.S. for the Rocky Mountain District, will speak at the Christian Church in Roy. Friday evening, July 2d.

All are invited especially members of the Christian Church.

Mrs. John M. Coffeen, who has been suffering for some time from trouble with her foot and has been at the home of Mrs. F. A. Roy, for several weeks and being treated here, went up to Dawson last week to have her foot X-rayed. Friends here are rejoicing with her that the "shadow" shows the bone is not affected and an operation will not be necessary.

Coffee! Coffee! Coffee!
Good Coffee at Appel's 30c. lb.

The Santa Fe New Mexican is evidently frightened at the probable effect of the truth from the which it, and many other minions of the "Malefactors of great wealth" have so long and strenuously tried to keep the people.

While it dare not refuse to publish the speeches at the Convention at Frisco, it mixes in hints about being misled etc. Some day that paper will get from under the curse and again be a fit spokesman for a progressive people.

Special! Saturday Only

July 3d

Gallon Peaches, "Home Club" brand 98c
Toilet Soap, "Snowflake Castile" Reg. 15c. 3 for 25c
"White House" Coffee, 70c value-- lb, 57c
